

EuresTools® — Effective Tools for Successful Projects

EuresTools® is a modular suite of Cloud-based project management tools.

The tools have been specifically designed to meet the needs of **Horizon 2020 projects** and European R&D projects in general. EuresTools® makes the project collaboration more effective. It offers full compliance with EC requirements as well as maximum security and reliability.

EuresTools® enables project and programme managers to facilitate day-to-day **collaboration** among team members, plan and control **dissemination** activities, and effectively manage **reporting**.

You can select just the **EuresTools® modules** you need for your project. The competitive price of EuresTools® ensures that any project can afford the modules they need.

Pricing

In the **project proposal phase**, Horizon 2020 consortia can use the EuresTools® collaboration modules **Workspace**, **Conferencing** and **Mailing List** for free.

In the **project implementation phase**, Horizon 2020 projects can get EuresTools® fees 100% refunded by the European Commission within their project budget.

We recommend to include the EuresTools® fee already in the budget of your project proposal, in order to avoid reallocating funds.

Please **contact us** via e-mail at services@eurescom.eu to discuss the EuresTools® modules you need and to receive an offer. See the **descriptions of EuresTools® modules** for the service scope covered by the standard fees and the additional services for each module. Clicking the respective module name in the table leads you to the description.

EuresTools Module	Project Proposal Phase*	Implementation Phase** Per Partner/Month
<u>Reporter</u>	***	8 €
<u>Website</u>	***	6 €
<u>Tracker</u>	***	4 €
<u>Workspace</u>	0 €	5 €
<u>Conferencing</u>	0 €	4 €
<u>Mailing List</u>	0 €	2 €

* EuresTools modules for collaboration in the proposal phase will be provided at no fee and no obligation.

** The fee is calculated per partner organisation and month from project start to end. The minimum number of partners is 5; the minimum number of months is 12. The service scope is defined in the individual EuresTools module descriptions.

*** The module is not provided in the proposal phase, as it is usually not required.
